

## Suggestions Before Eyeliner Tattoo Procedure

### Please avoid the following before your procedure:

- 24 hours before your procedure alcohol, caffeine, pain relievers, fish oil, niacin, and vitamin E (Do not discontinue any medication before consulting your doctor)
- Do NOT work out the day of the procedure
- Electrolysis no less than five days before the procedure
- Off all lash enhancements 3 months prior
- No chemical peels 60 days before or 60 days after (eyeliner will peel quicker due to chemicals traveling under the skin)
- Off Accutane for 1 year
- Cannot have lash extensions on during appointment and must keep them off until 100% healed

### Permanent makeup is NOT recommended for any clients who are or have:

- Pregnant or breast feeding
- Diabetic (consult your doctor)
- Undergoing chemotherapy (consult your doctor)
- Viral infections and/or diseases
- Epilepsy (consult your doctor)
- A pacemaker or major heart problems (consult your doctor)
- Had an organ transplant (consult your doctor)
- Skin irritations or psoriasis near the treated area (rashes, sunburn, acne, etc.)
- Sick (cold, flu, etc.)
- Used Accutane in the past year

### What to Expect after the procedure:

Immediately after treatment, the color will appear darker and look uneven due to swelling. The swelling will go down 1-2 days after procedure. As the treated area is settling down, itching may occur. This is a good sign as it means the skin is healing.

### Eyeliner After-Care:

Just a side note: I aim for perfection, but everyone's skin is different and will react differently to the procedure of permanent eyeliner. Some skin will heal faster than others, some skin will retain the pigment longer. All skin is aging, some of us will be harder on our skin than others; swimming, tanning, and weather all have a negative effect on our skin.

- (MOST IMPORTANT!) For the first day every hour after the procedure wipe very gently with a cotton pad dipped in distilled water and then apply a dab of cream (a very thin layer) with the micro brush supplied. From day 2 through day 5 dab a very thin layer of cream 3-4 times a day (do not use the distilled water after the first day). Never rush the healing process. Do not scrub, rub or pick at the epithelial crust that forms. Allow it to flake off by itself. If it is removed before it is ready the pigment underneath it can be pulled out.
- Do not get the eyeliner wet (the exception is wiping with the distilled water the first day) during the healing process for 5 days.
- Do not put anything (water, make-up, lotions etc.) but the distilled water and cream as described above for 5 days or until healed.
- Do not sweat for 5 days – this is a hard one, but body heat expands the pores. Sweat has salt and will prematurely fade, blur, or cause the pigment not to take at all
- Stay out of the sun for two weeks.
- Do not use any Retin-A or glycolic acids in the area during or after healing.
- Only touch the treated areas with squeaky-clean hands during the healing process.
- If you have swelling you may use an ice pack to help bring the swelling down (NO HEAT PACKS)

FAILURE TO FOLLOW AFTER-CARE INSTRUCTIONS MAY RESULT IN INFECTIONS, PIGMENT LOSS OR DISCOLORATION. I want you to be thrilled with the results for the months ahead, so please follow the instructions!

## ELEGANT BROWS PRICING

### Ombre Powder-fill Brows \$300

- \$50 non-refundable reservation fee to secure your appointment
- \$250 due at time of your first appointment

### Microblading \$300

- \$50 non-refundable reservation fee to secure your appointment

## TOUCH-UP

Keep in mind after that some intensity of color will be lost, and/or the color may heal unevenly. This is normal for some procedures, especially after the initial application. This is the reason for the follow up appointment – to fill in any light areas, to go a little darker or thicker if desired, and to adjust shape or color if needed.

- FREE – after initial appointment with in the first 3 months
- \$50 – within the first 3 months after any other appointment
- \$75 – within 6 months of appointment
- \$100 – within 9 months of appointment
- \$125 – within a year
- After a year, touch-ups are \$150 for the first hour and half and \$25 each addition half hour

***\*There is a \$50 non-refundable reservation fee to secure your appointment that will be deducted from the total amount due at time of appointment.***

***\*Pricing subject to change at any moment***

## CANCELLATION / NOSHOW POLICY

If you need to reschedule or cancel, a 48-hour cancellation notice is required, or you will forfeit your reservation fee and will have to repay to reschedule. NO EXCEPTIONS, regardless of situation. (If it's your free touch-up you will have to pay \$50 to reschedule your touch-up)
